

Determination Of The Influence Of Pavement Friction On The

The frequency distribution; Descriptive measures: ungrouped data; Descriptive measures: grouped data; The probability calculus; Bayes'rule - revision of probabilities in the light of new information; The concept of a discrete probability distribution: the binomial probability distribution; Bayes'rule revisited; Determination of an optimal decision rule - binomial sampling: a bayesian approach; The poisson and exponential distribution; The normal probability distribution: a continuous probability distribution; Sampling: the concept and the design; Estimation of a population parameter: the population mean; Estimation: the bayesian versus the classical position; Testing hypotheses concerning the value of a population parameter: the population mean; Tests of hypotheses: determination of optimal sampling size - a classical approach; The t distribution (small sample theory); Three other parameters; The f distribution: analysis of variance; Decision making under risk: an introduction; Time series analysis: an introduction; Time series analysis: secular trend; Time series analysis: seasonal variation and cyclical fluctuations; Simple regression and correlation analysis; Multiple regression and correlation analysis; Nonparametric statistics; Index numbers.

Vol. 1 comprises a selection of the papers presented at the 2nd UN Conference on the Peaceful Uses of Atomic Energy held in Geneva.

Aggregates, Chemical properties, Cement and concrete technology, Recycling, Cements, Setting, Time measurement, Solubility test methods, Extraction methods of analysis, Contamination

Some vols., 1920-1949, contain collections of papers according to subject.

Contribution to the Objective Determination of the Influence of Sodium Lauryl Sulfate on the Skin Surface in Children
Analysis of the Influence of Natural Religion on the Temporal Happiness of Mankind
The Influence of Bifurcation and Radicals Chemiluminescence on the Determination of Ignition Delay Times in Shock Tube Experiments
The Influence of the Speculative Activity in the Determination of the International Cocoa Prices in the New York Futures Market
Influence of Certain Processing Variables on the Determination of Moisture in Coal
The Influence of Modelling Accuracy on the Determination of Wind Power Capacity Effects and Balancing Needs
kassel university press GmbH
Tests for Chemical Properties of Aggregates. Determination of the Influence of Recycled Aggregate Extract on the Initial Setting Time of Cement
