

UNIQUE! Color-highlighted monographs make it easier to identify nursing priorities on common medications. UNIQUE! Mnemonics and other time-tested memory aids help you grasp and remember even the most complex concepts. Thick pages and a spiral-bound format create a portable tool that is durable enough for the clinical environment. Colored thumb tabs at the bottom of the page allow you to find topics quickly. What You Need to Know sections on each card cover key information in a quick and easy-to-review format. Colored highlights in the What You Need to Know sections emphasize four central topics: Serious/Life-Threatening Implications in pink Most Frequent Side Effects are blue Important Nursing Implications are yellow Patient Teaching information is green NEW! 8 brand-new cards focus on antiemetics, sunscreens, prostaglandins, acetaminophen, and more. NEW coverage highlights contemporary and timely topics on pharmacology - all in one clinical tool.
