

Get Free Essential Asatru Walking The Path Of Norse Paganism

by Winifred Hodge Rose's development of the concept of the souls as an interactive system. I am delighted to see the full presentation of so many years of patient research and contemplation becoming available at last. In Winifred's hands, philology becomes a spiritual adventure, as words from the old Germanic languages reveal new insights into who we are and our place in the spiritual universe." // Review by John Michael Greer, author of "A World Full of Gods": "Winifred Rose has done an excellent job of gathering and synthesizing material about Heathen soul lore from a wide range of disparate sources. The resulting book is a scholarly, thorough resource that belongs on the bookshelf of every Heathen, and everyone interested in the subject." // Review by Cat Heath, author of "Elves, Witches & Gods: Spinning Old Heathen Magic in the Modern Day": "There's a wonderful shaping and hope-bringing quality to the work here that I think will play a key role in helping to move Heathenry towards something deep and infinitely satisfying. It's really hard to overstate the impact this book could have."

An exploration of the historical origins of the "witches' ointment" and medieval hallucinogenic drug practices based on the earliest sources • Details how early modern theologians demonized psychedelic folk magic into "witches' ointments" • Shares dozens of psychoactive formulas and recipes gleaned from rare manuscripts from university collections all over the world as well as the practices and magical incantations necessary for their preparation • Examines the practices of medieval witches like Matteuccia di Francisco, who used hallucinogenic drugs in her love potions and herbal preparations In the medieval period preparations with hallucinogenic herbs were part of the practice of veneficium, or poison magic. This collection of magical arts used poisons, herbs, and rituals to bewitch, heal, prophesy, infect, and murder. In the form of psyche-magical ointments, poison magic could trigger powerful hallucinations and surrealistic dreams that enabled direct experience of the Divine. Smearred on the skin, these entheogenic ointments were said to enable witches to commune with various local goddesses, bastardized by the Church as trips to the Sabbat--clandestine meetings with Satan to learn magic and participate in demonic orgies. Examining trial records and the pharmacopoeia of witches, alchemists, folk healers, and heretics of the 15th century, Thomas Hatsis details how a range of ideas from folk drugs to ecclesiastical fears over medicine women merged to form the classical "witch" stereotype and what history has called the "witches' ointment." He shares dozens of psychoactive formulas and recipes gleaned from rare manuscripts from university collections from all over the world as well as the practices and magical incantations necessary for their preparation. He explores the connections between witches' ointments and spells for shape shifting, spirit travel, and bewitching magic. He examines the practices of some Renaissance magicians, who inhaled powerful drugs to communicate with spirits, and of Italian folk-witches, such as Matteuccia di Francisco, who used hallucinogenic drugs in her love potions and herbal preparations, and Finicella, who used drug ointments to imagine herself transformed into a cat. Exploring the untold history of the witches' ointment and medieval hallucinogen use, Hatsis reveals how the Church transformed folk drug practices, specifically entheogenic ones, into satanic experiences.

Provides a clear and concise history of Asatru - a living religion that encompasses the magical practices of the Norse and Germanic peoples - and also provides thorough instruction on how to practice and make it a part of every day life. Includes information

A detailed, researched and inspired book on Norse and Anglo Saxon tradition Paganism. This book is written from a different perspective to other books published on aspects of what is known variously as Asatru, The Northern Tradition and Odinism to present a handbook of accumulated data so that people can read and interpret it for themselves, aided by sometimes conflicting or complementary opinions clearly labelled, enabling the reader to develop and adapt their own theories and practices, rather than have them laid out by someone else. Where possible Pete compares more than one source of information. Trying to subjectively observe a movement from within, whilst being a part of it oneself is a delicate path to tread, but in this book Pete does an admirable job, separating them from the historical data being presented.

The author of this book has done what no other writer wants to hear: These stories make people fall asleep. Publisher Weekly Five stars highly recommended by millions of insomnia and anxious people around the world and Amazon readers! Do you remember the feeling of falling asleep contentedly when you were a child, listening to bedside stories? Why are there no bedside stories to listen to when I grow up? Seeing that many people around him suffer from insomnia, and the author who has taught yoga and mindfulness meditation for many years, he thought of the idea of recording bedside stories for adults.

Chinese edition of The Nostradamus Prophecies. The Nostradamus prophecies have been widely studied. But while many predictions have been proven, there's still a secret that's been missing. Adam, an unsuccessful writer, met a gypsy who was died in front of Adam but left a clue that Adam later found to be Norstradamus' last note. The note might just lead him to the missing last 58 lines in Norstradamus' 1000-line prophecies. In Traditional Chinese. Distributed by Tsai Fong Books, Inc.
