

Fender Squier Tele Custom 2 W P90 Pickups Telecaster Full

Fender's guitars have long been the instruments of choice for artists such as Jeff Beck, Eric Clapton, Jimi Hendrix, and Stevie Ray Vaughan. This book tells the complete story of Fender guitars, detailing classics such as the Telecaster, Stratocaster, and Jazzmaster as well as lesser-known (and less successful) models. Dozens of photos reveal Fender's storied craftsmanship, while the text includes collector details for all models. The reference section lists all models and their statistics.

(Reference). The Fender Telecaster is regarded as the first commercially successful solid body electric 'Spanish' guitar. Designed by Leo Fender at a time when the words rock and roll were not even coined, the 'Telly' is the senior member of a family of instruments whose sounds and looks helped revolutionize the world of popular music. This book relates the story of Telecaster Guitars since 1950 - everything you ever wanted to know is explored through lots of color and black and white photos, charts and interviews.
