Listening comprehension text and answer key for Genki I [Second Edition] and II [Second Edition] . For teachers or students.

????????????(3?)??

This book synthesizes previous work on thanking, politeness and Japanese pragmatics and crystallises the theoretical underpinnings of thanking, how it is realized linguistically and the social meaning and significance of this aspect of Japanese communication.

A pictorial teaching resource based on the content of Textbooks I and II of the series Genki: an integrated course in elementary Japanese.

Second edition of the most highly regarded teaching text book on the Japanese language. This is the companion workbook to the text. In Japanese/English. Distributed by Tsai Fong Books, Inc.

V. 1 CD-ROM contains textbook lessons 1-12 -- v. 1 workbook CD-ROM contains workbook lessons 1-12.

International Academic Conference on Global Education, Teaching and Learning in Budapest, Hungary 2016 (IAC-GETL 2016), November 23 - 24, 2016

How does language or culture come to be standardized to the degree that it is considered 'homogeneous'? How does teaching language relate to such standardization processes? How can teaching be mindful of the standardization processes that potentially involve power relations? Focusing on the case of Japanese, which is often viewed as homogenous in terms of language and culture, this volume explores these questions in a wide range of contexts: the notions of translation and modernity, the ideologies of the standardization of regional dialects in Japan, current practices in college Japanese-as-a- Foreign-Language classrooms in the United States, discourses in journals of Japanese language education, and classroom practices in nursery and primary schools in Japan. This volume's investigation of standardization processes of Japanese language and culture addresses the intersections of theoretical and practical concerns of researchers and educators that are often overlooked.

This innovative and original volume brings together studies that apply cognitive and functional linguistics to the study of the L2 acquisition of Japanese. With each article grounded on the usage-based model and/or conceptual notions such as foregrounding and subjectivity, the volume sheds light on how cognitive and functional linguistics can help us understand aspects of Japanese acquisition that have been neglected by traditionalists.

Paired with the Chaoyue: Advancing in Chinese language text, this workbook completes one of the most sophisticated and comprehensive language instruction tools currently available. The workbook cements students' interpersonal communication skills and their ability to present and interpret Chinese as it is spoken and written. Filled with authentic uses of the language from everyday life, the workbook, just like the textbook, paints a vivid portrait of the Chinese-speaking world for a variety of students to grasp. Also in line with the text, the workbook

emphasizes communication, cultures, comparisons, connections, and communities, and includes relatable topics, such as the self, schooling, and social customs, altogether engendering an appreciation of Chinese within a solidly global context. Instructors may request an answer key by sending an e-mail to Jonathan Fiedler at [jf2801@columbia.edu](mailto:jf2801@columbia.edu). Please provide your name, title, institution, and number of students in the course.

Third edition of the most highly regarded teaching text book on the Japanese language. This is the companion workbook to the text.

Genki Method Teacher's Book - An Integrated Course in Elementary Japanese. This teacher's book includes information on the 23 units that make up the two main beginner-level books for this method. In each topic, tips and strategies are detailed that teachers can use when introducing and teaching grammar or vocabulary to students. In addition, this book includes all the answers to the exercises in the 4 books that make up the beginner level: the two textbooks and the two exercises. Transcripts of all audios are also included. Supplementary Volume) Answer Key ? Answer for GENKI I (Textbook) ? Answer for GENKI II (Textbook) ? Answer for GENKI I (Workbook) ? Answer for GENKI II (Workbook) ? Scripts of Listening Comprehension in Workbook

This is a revised edition of the textbook GENKI: An Integrated Course in Elementary Japanese, which was published in 1999. Since it first came out, GENKI has become widely used by teachers and students of Japanese and has gone through numerous reprintings. Such wide acceptance led to the decision to publish this revised edition. In 1999, our aim was to develop a textbook that teachers would find convenient and helpful, and one that students could easily use. We thus wrote the book based on a survey of students' needs and refined it through many test-teaching situations. Originally meant as a text for foreign students studying in Japan, GENKI gained popularity among those studying in other countries as well. As use increased, we began to hear from those who wanted "more information on culture" and "audio aids appended to the text" Its also been more than ten years since GENKI was originally published, and the passage of time has required revisions to vocabulary and expressions. While retaining the ease-of-use quality for teachers, we have added new content and revisions that reflect our experiences and the voices of those who have used the text. The task of revision took two years to complete. We believe that this effort has resulted in a book that instructors and students will find even easier to use and learn from. The opinions of the teachers and students who have used GENKI have been a major driving force in the preparation of this revised edition. We are truly grateful to those who have provided this input. The authors would also like to express their sincere appreciation to the following: Noriko Udagawa, our illustrator, whose work has become a GENKI trademark; the staff of The Japan Times; and particularly to Chiaki Sekido of the Publications Department of The Japan Times, who has worked tirelessly with us on this project since its inception. It is our hope that students of the language will find additional pleasure in learning Japanese by using this new edition of GENKI.

Applied linguistics is the best single label to represent a wide range of contemporary research at the intersection of linguistics, anthropology, psychology, and sociology, to name a few. The Handbook of Japanese Applied Linguistics reflects crosscurrents in applied linguistics, an ever-developing branch/discipline of linguistics. The book is divided into seven sections, where each chapter discusses in depth the importance of particular topics, presenting not only new findings in Japanese, but also practical implications for other languages. Section 1 examines first language acquisition/development, whereas Section 2 covers issues related to second language acquisition/development and bilingualism/multilingualism. Section 3 presents problems associated with the teaching and learning of foreign languages. Section 4

undertakes questions in corpus/computational linguistics. Section 5 deals with clinical linguistics, and Section 6 takes up concerns in the area of translation/interpretation. Finally, Section 7 discusses Japanese sign language. Covering a wide range of current issues in an in-depth, comprehensive manner, the book will be useful for researchers as well as graduate students who are interested in Japanese linguistics in general, and applied linguistics in particular. Chapter titles Chapter 1. Cognitive Bases and Caregivers' Speech in Early Language Development (Tamiko Ogura, Tezukayama University)Chapter 2. Literacy Acquisition in Japanese Children (Etsuko Haryu, University of Tokyo)Chapter 3. Age Factors in Language Acquisition (Yuko Goto Butler, University of Pennsylvania)Chapter 4. Cross-lingual Transfer from L1 to L2 Among School-age Children (Kazuko Nakajima, University of Toronto)Chapter 5. Errors and Learning Strategies by Learners of Japanese as an L2 (Kumiko Sakoda, Hiroshima University/NINJAL)Chapter 6. Adult JFL Learners' Acquisition of Speech Style Shift (Haruko Minegishi Cook, University of Hawai'i at Manoa)Chapter 7. Japanese Language Proficiency Assessment (Noriko Kobayashi, Tsukuba University)Chapter 8. The Role of Instruction in Acquiring Japanese as a Second Language (Kaoru Koyanagi, Sophia University)Chapter 9. The Influence of Topic Choice on Narrative Proficiency by Learners of Japanese as a Foreign Language (Masahiko Minami, San Francisco State University)Chapter 10. CHILDES for Japanese: Corpora, Programs, and Perspectives (Susanne Miyata, Aichi Shukutoku University)Chapter 11. KY Corpus (Jae-Ho Lee, Tsukuba University)Chapter 12. Corpus-based Second Language Acquisition Research (Hiromi Ozeki, Reitaku University)Chapter 13. Assessment of Language Development in Children with Hearing Impairment and Language Disorders (Kiyoshi Otomo, Tokyo Gakugei University)Chapter 14. Speech and Language Acquisition in Japanese Children with Down Syndrome (Toru Watamaki, Nagasaki University)Chapter 15. Revisiting Autistic Language: Is "literalness" a Truth or Myth? Manabu Oi (Osaka University/Kanazawa University)Chapter 16. Towards a Robust, Genre-based Translation Model and its Application (Judy Noguchi, Mukogawa Women's University; Atsuko Misaki, Kwansai Gakuin University; Shoji Miyanaga, Ritsumeikan University; Masako Terui, Kinki University)Chapter 17. Japanese Sign Language: An Introduction (Daisuke Hara, Toyota Technological Institute)Chapter 18. Japanese Sign Language Phonology and Morphology (Daisuke Hara, Toyota Technological Institute)Chapter 19. Japanese Sign Language Syntax (Noriko Imazato, Kobe City College of Technology)Chapter 20. Sign Language Development and Language Input (Takashi Torigoe, Hyogo University of Teacher Education)
