Having escaped an Australian maximum security prison, a disillusioned man loses himself in the slums of Bombay, where he works for a drug kingpin, smuggles arms for a crime lord, and forges bonds with fellow exiles.

Reviews of the two-volume New Partridge Dictionary of Slang and Unconventional English, 2005: The king is dead. Long live the king! The old Partridge is not really dead; it remains the best record of British slang antedating 1945. Now, however, the preferred source for information about English slang of the past 60 years is the New Partridge. James Rettig, Booklist, American Library Association Most slang dictionaries are no better than momgrams or a rub of the brush, put together by shmegegges looking to make some moola. The New Partridge Dictionary of Slang and Unconventional English, on the other hand, is the wee babes. Ian Sansom, The Guardian The Concise New Partridge presents, for the first time, all the slang terms from the New Partridge Dictionary of Slang and Unconventional English in a single volume. With over 60,000 entries from around the English-speaking world, the Concise gives you the language of beats, hipsters, Teddy Boys, mods and rockers, hippies, pimps, druggies, whores, punks, skinheads, ravers, surfers, Valley girls, dudes, pill-popping truck drivers, hackers, rappers and more. The Concise New Partridge is a spectacular resource infused with humour and learning its rude, its delightful, and its a prize for anyone with a love of language.

Annotation. Although the US is proud of being a secular state, religion lies at the heart of American politics. This volume looks at how the country came to have the soul of a church & the consequences - the moral crusades against slavery, alcohol, witchcraft & discrimination that time & again have prevailed upon the nation.

The year is 2021 and the money is still green. The fully privatized city of Tulsa, OK, is home to Sara Paige Christie, a teenage girl with her heart set on a film career in L.A. and her camera trained on the graffiti-covered walls of the city's outskirts. In pursuit of a documentary subject that might propel her from college hopeful to film school admittee at UCLA, Sara has focused her ambitions upon a singularly ubiquitous tag—WH2RR?? From the facades of storefronts to the walls of public restrooms, the tag is appearing nearly everywhere. Its stark all-capital letters and demanding question marks have captured Sara's imagination, even as the private security personnel of FreeForce Tulsa (FFT) scramble to eliminate the marks with power washers, gray-overs, and full censorship, stripping even photographs of the tags from the locally accessible Internet. Sara has no doubt that there is meaning hidden in plain sight, and she sets off on a mission to find the person behind the mysterious tags while balancing an already full life: her final exams, her wild best friend, a physical fitness test that threatens her GPA, and a family that seems almost oblivious to what's happening just down the street from their suburban home. With the exception, perhaps, of her father. A retired Marine turned FFT investigator, Sara's dad has been on the trail of the graffiti artist for his own professional reasons. And if he knows what's going on, he's not telling Sara. And they're not the only ones on the hunt . . . Tensions are rising in town and beyond. Between the machinations of the city's home-grown megachurch, Chosen Hill, and the movements of a growing camp of homeless citizens parked just beyond Tulsa's comfort and security, life in Tulsa is about to become very interesting, and Sara just might be in the right place to catch it all on film but only if she survives.

In Hooked in Film, John Markert takes a close look at the correlation between social policies and the public view of drugs and their portrayals in film. In this volume, Markert examines the changing social attitudes toward illegal drugs and their cinematic depictions from as early as the 1894 film Chinese Opium Den to the present. Tracking hundreds of films spanning more than a century, Hooked in Film looks at camp classics like Reefer Madness, comedies such as Cheech and Chong's Up in Smoke, Dazed and Confused, and Pineapple Express, and dramas, including Panic in Needle Park and Requiem for a Dream. Scholars and students of cinema, popular culture, media studies, and sociology will find this book a valuable examination of how cinematic portrayals of drugs have changed over time, and how those images have influenced public perception of drugs and even public policy.

Arthur Black's best lines are like a shot of whisky—sharp, invigorating and with a good kick. Following the success of his many previous titles, the multiple-award-winning humorist once again delivers “black-to-black” laughs with his latest collection, *Paint the Town Black*. With his usual off-kilter perspective, Black tackles many of the pressing topics of the day, including some positive PR for the swastika, the sometimes fatal effects of poor penmanship and the burning question of whether one-time Thunder Bay mayor Walter “Jolly Wally” Assef really did pat the queen's bum. The answer: “Somebody must have tipped Prince Philip off about the mayor's meandering mitts because Phil watched Wally like a hawk. Wally's hands never got near the royal end zone.” Many edifying historical facts are cunningly hidden among the laughs. For instance, how many Canadians remember Gerda Munsinger, the probable Soviet spy who got deported for sleeping her way through half of Diefenbaker's cabinet? And then there's Senator Incitatus, whose office was made of marble and who literally ate gold for lunch. Don't worry, this isn't one of Harper's recent appointees—Incitatus was a racehorse appointed to the Roman senate by his owner, Emperor Caligula. So settle into your favourite chair, pour yourself a shot of something strong and get ready to *Paint the Town Black*.

The best-selling co-author of *Acid Dream* traces the dramatic social history of marijuana from its origins and its emergence in the 1960s culture wars through the 1996 legalization of medicinal marijuana in California, profiling the multibillion-dollar marijuana industry and how it is reshaping health care. 35,000 first printing.

Last year she attended a convention for Persons with Specific Phobia Disorder. Since then, a couple of the delegates have died in suspicious circumstances. Carl Polander had acrophobia. Fear of heights. So what would he be doing on the 12th floor of the building the police say he jumped from? Mara Agajanian had haemophobia. Fear of blood. So how could she have cut her own wrists in the bathtub? Dorie, who suffers from an irrational fear of masks, wants Pender to look into these cases. She suspects there may be a twisted serial killer on the loose. Someone, who quite literally, enjoys scaring his victims to death. Dorie's right. But she has no idea just how

close to her the killer is...

The Handbook of Incarceration in Popular Culture will be an essential reference point, providing international coverage and thematic richness. The chapters examine the real and imagined spaces of the prison and, perhaps more importantly, dwell in the uncertain space between them. The modern fixation with 'seeing inside' prison from the outside has prompted a proliferation of media visions of incarceration, from high-minded and worthy to voyeuristic and unrealistic. In this handbook, the editors bring together a huge breadth of disparate issues including women in prison, the view from 'inside', prisons as a source of entertainment, the real worlds of prison, and issues of race and gender. The handbook will inform students and lecturers of media, film, popular culture, gender, and cultural studies, as well as scholars of criminology and justice.

The Cure emerged in the post-punk 70s and defied all expectations to launch a marathon career marked by hit records and a string of sell-out arena shows. In 2004, after numerous personnel changes, the band delivered their Greatest Hits album in 2004. This biography traces the roots in middle-class Crawley, Sussex and tracks their gradual rise, revealing how their first major album Pornography, almost ended the band well before their multi-platinum career began. It also documents Smith's escape into the Siouxsie & The Banshees camp during the Eighties, his experimentation with every drug ('bar smack'). His reluctance to return to The Cure which would eventually lead to them becoming superstars, not only on both sides of the Atlantic but all around the globe. Jeff Apter is an Australian-based music writer, who had been reporting on popular culture for the past 15 years. He spent five years as the Music Editor at Australian Rolling Stone. Departing from the scholarly treatment of addiction as a form of rhetoric or discursive formation, *Wasted: Performing Addiction in America* focuses on the material, lived experience of addiction and the ways in which it is shaped by a 'metaphor of waste', from the manner in which people describe the addict, the experience of inebriation or his or her systematic exclusion from various aspects of American culture. With analyses of scientific and popular cultural texts such as novels and films, scholarly or medical models of addiction, reality television, TV drama, public health and anti-addiction campaigns, and the lives of celebrities who struggled with addiction, this book recovers the sense of materiality in which the experience of substance abuse is anchored, revealing addiction to be a set of socio-cultural practices, historically-contingent events and behaviours. Exploring the ways in which addiction as an identity construct, as a social problem, and as a lived experience is always and already circumscribed by the metaphor of waste, *Wasted: Performing Addiction in America* advances the idea that addiction constitutes a site of social control beyond the individual, through which American citizenship is regulated and the 'nation' itself is imagined, demarcated, and contained. As such, it will appeal to scholars of popular culture, cultural and media studies, performance studies, sociology and American culture. In his brilliant second novel, Dermot McEvoy sweeps his readers into the midst of one of the most heated political races in New York City history, where an unlikely player decides to make her presence known. First it hits the papers that the Virgin Mary has appeared to Jackie Swift, an affable G.O.P. congressman with a couple of nasty habits. She then

appears in a dream to Wolfe Tone O'Rourke, a liberal political consultant who is still haunted by the ghost of Bobby Kennedy, whose death he feels responsible for. Swift uses the Virgin, soon styled "Our Lady of Greenwich Village," to put a strong anti-abortion spin on his current run for office, which immediately polarizes Greenwich Village. O'Rourke, beset by his many demons, sees something familiar in the Virgin's dancing eyes and the line of her smile and decides to run against Swift with the campaign slogan "NO MORE BULLSHIT." With help from unlikely characters like Cyclops Reilly, a one-eyed newspaper columnist for the Daily News, and Simone "Sam" McGuire, O'Rourke's pretty, no-nonsense assistant, Tone is sent on a transcontinental journey that forces him to confront his own ghosts and dig deep into his family history, all to answer one burning question: What does Our Lady of Greenwich Village really want him to do? Andy Nicholls is known to every football intelligence officer in Britain. For twenty-five years, he was one of the most active hooligans in the country, a leading figure among the violent followers of Everton FC Classified as a Category C thug, the worst kind, he amassed more than twenty arrests and has been deported from Belgium, Iceland and Sweden. His terrace fanzine was closed down by the authorities and he was banned from every ground in the UK. Revealing the truth behind the vicious knife attacks of the so-called County Road Cutters and the bitter Merseyside and Manchester rivalries that left scores injured, SCALLY caused a storm of controversy on first publication. The host of CBS's The Late Late Show "takes us on a wild ride in his scintillating debut, a combination caper/morality tale with [a] barbed comic energy" (Kirkus Reviews, starred review). Two childhood friends from Scotland and two illegitimate half-brothers from the American South suffer and enjoy all manner of bizarre experiences which, as it turns out, are somehow interconnected and, surprisingly enough, meaningful. An eclectic cast of characters includes Carl Jung, Fatty Arbuckle, Virgil, Marat, Socrates, and Tony Randall. Love, greed, hope, revenge, organized religion, and Hollywood are alternately tickled and throttled as Craig Ferguson's madcap plot unfolds. Impossible to summarize and impossible to stop reading, this is a romantic comic odyssey that actually delivers—and rewards.
