The Market Wizards are back! Unknown Market Wizards continues in the three-decade tradition of the hugely popular Market Wizards series, interviewing exceptionally successful traders to learn how they achieved their extraordinary performance results. The twist in Unknown Market Wizards is that the featured traders are individuals trading their own accounts. They are unknown to the investment world. Despite their anonymity, these traders have achieved performance records that rival, if not surpass, the best professional managers. Some of the stories include: - A trader who turned an initial account of \$2,500 into \$50 million. - A trader who achieved an average annual return of 337% over a 13-year period. - A trader who made tens of millions using a unique approach that employed neither fundamental nor technical analysis. - A former advertising executive who used classical chart analysis to achieve a 58% average annual return over a 27-year trading span. - A promising junior tennis player in the UK who abandoned his quest for a professional sporting career for trading and generated a nine-year track record with an average annual return just under 300%. World-renowned author and trading expert Jack D. Schwager is our guide. His trademark knowledgeable and sensitive interview style encourages the Wizards to reveal the fascinating details of their training, experience, tactics, strategies, and their best and worst trades. There are dashes of humour and revelations about the human side of trading throughout. The result is an engrossing new collection of trading wisdom, brimming with insights that can help all traders improve their outcomes.

Revered by many, reviled by some, technical analysis is the art and science of deciphering price activity to better understand market behavior and identify trading opportunities. In this accessible guide, Jack Schwager-perhaps the most recognized and respected name in the field-demystifies technical analysis for beginning investors, clearly explaining such basics as trends, trading ranges, chart patterns, stops, entry, and exit and pyramiding approaches. The book's numerous examples and clear, simple explanations provide a solid framework for using technical analysis to make better, more informed investment decisions and as the basis for mechanical trading systems. Along with Schwager's invaluable trading rules and market observations culled from years of real-world trading experience, Getting Started in Technical Analysis offers in-depth coverage of: * Types of charts-bar, close-only, point-and-figure, candlestick. * Chart patterns-one-day, continuation, top and bottom formations, the importance of failed signals. * Trading systems-trend-following, counter-trend, pattern recognition. * Charting and analysis software-price data issues, time frame/trading style considerations, software research. * The planned trading approach-trading philosophy, choosing markets, risk control strategies, establishing a trading routine.

THE INVESTMENT CLASSIC "I've read Market Wizards at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of The Black Swan, and professor, NYU-Poly "Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head." —MARTIN W. ZWEIG, PhD, Editor, The Zweig Forecast "It is difficult enough to develop a method that works. It then takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, The Elliott Wave Theorist

An accessible look at the art of investing and how to adopt the practices of top professionals What differentiates the highly successful market practitioners—the Market Wizards—from ordinary traders? What traits do they share? What lessons can the average trader learn from those who achieved superior returns for decades while still maintaining strict risk control? Jack Schwager has spent the past 25 years interviewing the market legends in search of the answers—a quest chronicled in four prior Market Wizards volumes totaling nearly 2,000 pages. In *The Little Book of Market Wizards*, Jack Schwager seeks to distill what he considers the essential lessons he learned in conducting nearly four dozen interviews with some of the world's best traders. The book delves into the mindset and processes of highly successful traders, providing insights that all traders should find helpful in improving their trading skills and results. Each chapter focuses on a specific theme essential to market success Describes how all market participants can benefit by incorporating the related traits, behaviors, and philosophies of the Market Wizards in their own trading Filled with compelling anecdotes that bring the trading messages to life, and direct quotes from the market greats that resonate with the wisdom born of experience and skill Stepping clearly outside the narrow confines of most investment books, *The Little Book of Market Wizards* focuses on the value of understanding one's self within the context of successful investing.

Praise for *THE NEW MARKET WIZARDS* "Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent." -Richard Dennis, President, The Dennis Trading Group, Inc. "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota "Very interesting indeed!" -John Train, author of *The Money Masters* "Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself." -Robert R. Prechter, Jr., editor, *The Elliott Wave Theorist* *THE NEW MARKET WIZARDS* Some traders distinguish themselves from the herd. These supertraders make millions of dollars-sometimes in hours-and consistently outperform their peers. As he did in his acclaimed national bestseller, *Market Wizards*, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In *The New Market Wizards*, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: * Stan Druckenmiller, who, as manager of the Soros Quantum Fund, realized an average annual return of more than 38 percent on assets ranging between \$2.0 and \$3.5 billion * William Eckhardt, a mathematician who, in collaboration with trader Richard Dennis, selected and trained the now-legendary circle known as the Turtles * Bill Lipschutz, a former architect who, for eight years, was Salomon Brothers' largest and most successful currency trader * Blair Hull, a one-time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars, and filled with candid appraisals, *The New Market Wizards* takes its place as a classic.

An in-depth investigation into the increasingly popular investment: managed futures—written by one of the world's leading authorities "Jack Schwager has written the definitive book on managed futures investing. It is exhaustive in coverage, and the analysis is exceptionally rigorous. The writing is refreshingly candid and sure to provoke discussion on many important topics in the managed futures industry. This book should be required reading for anyone considering investing in managed futures." —Scott Irwin Professor, The Ohio State University

Now, in the latest volume in the Schwager on Futures series, Technical Analysis, Schwager has created the most comprehensive guide ever for using technical analysis for futures trading. What makes Technical Analysis unique, besides its in-depth coverage, is that it is written from a trader's perspective. Schwager doesn't merely cover the subject, he explores what works and doesn't work in the real world of trading. Contains a comprehensive guide to chart analysis written with a particular focus on trading applications * Includes a separate 200+ page section illustrating the use of chart analysis in the real world * Details and illustrates several original trading systems * Includes a self-contained primer on cyclical analysis * Describes popular oscillators, the pitfalls in their common use, and guidelines to their successful application in trading * Explains the concept and use of "continuous futures" and compares 10-year continuous futures charts with conventional nearest futures charts for all major U.S. futures markets * Contains a section on trading strategy and philosophy, including over 100 trading tips Hundreds of charts, tables, and examples illustrate key points throughout, while the text is written in the informative, insightful, and nontechnical style that has made Jack Schwager one of the most highly regarded and bestselling investment authors ever. This invaluable book by one of the world's foremost authorities is destined to become the premier industry guide on technical analysis for many years to come.

"Hedge Fund Market Wizards will be a modern day sequel to the highly successful Market Wizards and New Market Wizards written over 20 years ago. These two earlier volumes have become classics in the investment literature and have been read by virtually every hedge fund manager, as well as by a much broader lay audience. This new volume in the series will follow the same effective formula used by its predecessors. The book will devote a chapter to each of a broad array of highly successful traders, ranging widely in the markets they trade and their methodologies, but sharing in their achievement of superior performance. Each chapter, following the original format, will include an introductory section, a core section based on an interview with the trader, and

a conclusion section that seeks to draw useful trading and investment lessons illustrated by the trader's approach and advice"-- Whether you're an active trader, or simply want a better understanding of how to succeed in today's markets, you'll benefit from the wisdom and insight renowned "Traders' Hall of Fame" award winner. Now, Jack Schwager hands you the strategies of the most sought after traders. Through his bestselling Market Wizards books, Schwager has probed the minds of the world's most respected investors, studying their personal traits and learning the secret techniques that have turned them into investment role models. Now a professional investor and successful fund manager in his own right, Schwager shares his own secrets, along with those of his prominent "Wizards." This book will enable you to master the fine art of trading as you discover and apply the key methods and traits shared by the world's most acclaimed traders. Find critical, yet often overlooked factors for understanding:

- How to avoid losing faith during down markets, and confidently pull profits in any market condition
- The dangers of overtrading—how to react when no position is the right position
- The value of "self-analysis" for finding a trading method that fits your personality and goals
- The real risk in volatility
- How to develop the habit of "disloyalty"
- Why you MUST learn how to change directions—and how to do it quickly

Plus, the keys to developing discipline, good money management skills, and avoiding the risks inherent in second-guessing your own system—all learned from the Market Wizards themselves and revealed here for you.

Bestselling author, Jack Schwager, challenges the assumptions at the core of investment theory and practice and exposes common investor mistakes, missteps, myths, and misreads When it comes to investment models and theories of how markets work, convenience usually trumps reality. The simple fact is that many revered investment theories and market models are flatly wrong—that is, if we insist that they work in the real world. Unfounded assumptions, erroneous theories, unrealistic models, cognitive biases, emotional foibles, and unsubstantiated beliefs all combine to lead investors astray—professionals as well as novices. In this engaging new book, Jack Schwager, bestselling author of *Market Wizards* and *The New Market Wizards*, takes aim at the most perniciously pervasive academic precepts, money management canards, market myths and investor errors. Like so many ducks in a shooting gallery, Schwager picks them off, one at a time, revealing the truth about many of the fallacious assumptions, theories, and beliefs at the core of investment theory and practice. A compilation of the most insidious, fundamental investment errors the author has observed over his long and distinguished career in the markets Brings to light the fallacies underlying many widely held academic precepts, professional money management methodologies, and investment behaviors A sobering dose of real-world insight for investment professionals and a highly readable source of information and guidance for general readers interested in investment, trading, and finance Spans both traditional and alternative investment classes, covering both basic and advanced topics As in his best-selling *Market Wizard* series, Schwager manages the trick of covering material that is pertinent to professionals, yet writing in a style that is clear and accessible to the layman

The third in the bestselling *Market Wizards* series, this time focusing on the barometer of the economy—the stock market. It has been nearly a decade since the publication of the highly successful *The New Market Wizards*. The interim has witnessed the most dynamic bull market in US stock history, a collapse in commodity prices, dramatic failures in some of the world's leading hedge funds, the burst of the Internet bubble, a fall into recession and subsequent rumblings of recovery. Who have been the 'market wizards' during this tumultuous financial period? How did some traders manage to significantly outperform a stockmarket that during its heyday moved virtually straight up? This book will feature interviews with a variety of traders who achieved phenomenal financial success during the glory days of the Internet boom. In contrast with the first two *Market Wizard* books, which included traders from a broad financial spectrum—stocks, bonds, currencies and futures—this volume will focus on traders in the stockmarket.
