

what you've learned; files included Online pre-test to assess your readiness Use the in-depth exam prep, practice, and review to help advance your proficiency with Microsoft Office—and earn the credential that proves it!

In this volume, notable scholars honor James W. Harris for his contributions to Romance phonology. Inscribed within generative grammar, the studies seek to explain various phonological processes, structured around glides, aspects of onsets/codas as well as stress and weight. This book will be a useful reference tool for specialists in theoretical phonology, language acquisition, language in contact, bilingualism, and Spanish dialectology.
