What does it mean to be male? What definition of masculinity should men adopt? What roles should men fulfill—in the workplace and in the home? What do gender roles have to do with the male's purpose? What are the differences between males and females? How are men and women meant to relate to one another? How can a man build a better life for himself, his family, and the world? When men understand the purpose God has given them and the true design of their relationship with women, they will be free to fulfill their destiny and potential. For many, the story of the man Esau in the Bible teaches some basic lessons of life, such as the idea that our value systems must be upheld with the highest regards; never should we sacrifice those values for some ephemeral gratifications. But further study of the life of Esau reveals positive leadership principles that can be learnt from his life. The first glance at the title of this book may beg the question: can something good come out of Nazareth? This is a question that Nathanael put to Philip in John 1:43-46. This question can be turned around: can something good be learnt from the life of Esau? Even after despising his birthright and attempting to chase after the lost blessings in vain, Esau still ended up amazingly as an enviable success instead of the expected doomed future. Esau had a celebrated future for he told his brother Jacob: "And Esau said, I have enough, my brother; keep that thou hast unto thyself" (Genesis 33:9 KJV). Furthermore, it was stated that "for their riches were more than that they might dwell together; and the land wherein they were strangers could not bear them because of their cattle" (Genesis 36:7 KJV). What leadership principles Esau applied that positively turned his life around and brought about such a celebrated future. This book seeks to help you discover these principles.

Everyone on earth can be a leader because everyone has gifts. You become a leader when you discover your gifts and talents through a divine relationship with your maker and optimize them for the benefit of the entire world. In this book you will encounter deeper watchwords that will reshape your concept about true leadership, thereby equipping you positively to become one. "Leaders' Watchwords" comes with 30 days' leading quotes by the late Dr. Myles Egbert Munroe, coupled with over 150 insights into his concepts about leadership from the author whose passion is about these concepts. Dr. Myles Egbert Munroe was a former Bahamian Evangelical Christian evangelist and ordained Pentecostal minister who founded and led the Bahamas Faith Ministries International (BFMI) and Myles Munroe International (MMI). He was chief executive officer and chairman of the board of the International Third World Leaders Association and president of the International Leadership Training Institute as well as the author of numerous books.

In *Keys for Leadership*, Dr. Munroe reveals that the one thing all leaders have in common is not education, knowledge, or networking. It is a spirit. When you think according to the spirit of leadership, you begin the process of becoming a leader. Every human being has the capacity for leadership, but most lack the understanding or will to develop it. Learn the keys for leadership, capture the spirit of leadership, and you will discover the leader within you. Leaders everywhere, in arenas big and small, struggle with the desire and, frankly, the need to make sure their vision for the organization they have created or grown continues regardless of circumstances. And the question "what will be my legacy?" is a question all people ask themselves. Myles Munroe has observed that the tendency among leaders is to deal with this question as serious circumstances or retirement loom. Further, it is his belief that this is one of the most important decisions a leader will ever make. This book is a wakeup call. Myles Munroe wants all leaders to focus on building the right team for the future and to make it a top priority because the process is not a quick one. Properly mentoring the right people to ensure the continuation of an organization is actually a process that must be woven into that organization over a span of years or even decades. Chapter topics discussed include *The Chaos of Transition* *The Leadership Dilemma* *Living Beyond Your Generation* *The Principles of Mentoring* *PASSING IT ON* shows how to use the concept of mentoring within an organization to value the distinct talents and abilities of the individuals. Mentoring is the pathway to developing leaders from within; leaders who are in line with the goals of the organization; leaders who are most likely to adopt and carry a vision forward.

Darryl Bodkin has written a wonderful treatise on child development and leadership. He writes from a child's perspective on parenting and provides invaluable insight on the subject of leadership growth and development. When I was 11 years of age, my life was torn apart by the loss of my father in a tragic construction accident. It was a defining moment for me.

Fortunately, my godly grandmother sat down with me and told me that I had to be the leader in our home since I was the oldest child. From that moment leadership was thrust upon me.

Reading this book has caused me to reflect on that landmark day in my own childhood when I started on a leadership journey. I commend Darryl Bodkin's book to you for your enjoyment and personal growth. I believe every parent who reads it will benefit from the lessons taught on parenting and will gain an understanding of how to encourage the development of leadership qualities in children. Proverbs 3:5–6 is a sterling reminder of the potential for vital Christian leadership within every child that is born into God's big world. Dr. Stan A. You were born to lead. Now it's time to become a leader. Leaders may be found in boardrooms, but they may also be found in families, schools, and organizations of all kinds--anywhere people interact, nurture, create, or build. After personally training

thousands of leaders from around the world, best-selling author Dr. Myles Munroe reports that while every person possesses the potential of leadership, many do not understand how to cultivate the leadership nature and how to apply it to their lives. How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same--only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.
