"Becoming a Citizen is a terrific book. Important, innovative, well argued, theoretically significant, and empirically grounded. It will be the definitive work in the field for years to come."—Frank D. Bean, Co-Director, Center for Research on Immigration, Population and Public Policy "This book is in three ways innovative. First, it avoids the domestic navel-gazing of U.S. immigration studies, through an obvious yet ingenious comparison with Canada. Second, it shows that official multiculturalism and common citizenship may very well go together, revealing Canada, and not the United States, as leader in successful immigrant integration. Thirdly, the book provides a compelling picture of how the state matters in making immigrants citizens. An outstanding contribution to the migration and citizenship literature!"—Christian Joppke, American University of Paris

This book fills that void with 130 questions and detailed clarifications, plus tactics illustrated by specific formats and options. Explanations are keyed to the 2020 study guide (usable on the first 2021 exam) but will work fine when a new edition is released. Professor Childress, author of Louisiana Notary Exam Sidepiece to the 2020 Study Guide (a book decoding the state text) and teacher of Tulane's academic course in notary law, explains every twist he can think of that the examiners may try. Whether as a recommended supplement to a prep class, as spelled-out lagniappe to available workbooks, or as a new tool for self-study, this book should become standard fare for anyone contemplating becoming a commissioned notary. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books. About the Author Steven Alan Childress is a law professor at Tulane and teaches a notary law class for paralegal studies. He earned a JD from Harvard and a PhD from Berkeley; he also clerked in Shreveport for the federal court and practiced law in California. Alan is a practicing Louisiana notary public. NEW 2021 EDITION of the best-selling notary prep guide to the difficult Louisiana exam. The Louisiana Notary Exam has a 20% pass rate. The Notary Exam has an official Study Guide you use during the exam. But the Study Guide has no index, no big picture, no study strategies, no exam-day tips, not enough cross-references . . . and few of the forms notaries use that they test. It doesn't explain most-tested subjects, past exams, or recent changes to the Guide. It's got the law and notary rules, but it's missing essentials for any such textbook. This book has all that—and much more that anyone contemplating the exam should read. It even includes crucial information about notary practice for the newbie notary, and is useful to experienced notaries for its expanded cross-references, complete index, and summary lists. Basically it's the rest of the official Study Guide they somehow omitted. Why would they leave out the index, of all things? Reminder: a 20% pass rate. As a senior law teacher and member of two state bars, Professor Childress still needed to pass the Louisiana Notary Exam to practice as one. It's a challenging exam for everyone, yet he found in the 'Study Guide' lots of trees but little forest—and even less real guidance. Determined that current test-takers can do better with more real help, he wrote this book and geared the page numbers—including an index, cross-references, lists, and illustrated explanation of successions, community property, and authentic acts—to the latest edition of the state's official text, Fundamentals of Louisiana Notarial Law and Practice. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books, that actually pays for itself six-times-over with its 'one weird trick' saying how to save \$65 in fees in the notary qualification process.

Louisiana civil law notaries enjoy functions, responsibilities, and earning potential unmatched in any other state — and reserved there to attorneys. Louisiana notaries wield the power not just to verify signatures but also to create the legal papers they notarize, including affidavits, donations, powers of attorney, and even wills and trusts. And so much more, with no educational requirement beyond high school ... but a state exam that is famously challenging. The entire process to become a notary is difficult, and wrapped in some mystery. This book is helpful if you're in the beginning stages of becoming a notary public. Or just thinking about joining the profession. It's about the process of registering to be a notary, and why you'd want to. It's about the classes, resources, and options available to prep for the exam. It's not a study guide to the test's content itself. Other books do that, including the best-selling Sidepiece guide also by Prof. Childress of Tulane. But it does explain the format of the exam and the structure of questions so that a candidate knows how to start studying. Previously, no one had offered a guide to the preliminary but confusing steps you take to be eligible for the exam — or rules and tips you'd want to know right away about the exam process and its "open book." Website information can be unclear and incomplete, without disclosing the realities. This book is about "what I wish someone told me from Day One when I was considering becoming a notary in Louisiana." An affordable addition to the Self-Study Sherpa Series from Quid Pro Books.
