business owner and share in the enormous profits being made by average men and women who have above average dreams. The insights in this book will show you why being your own boss can be among the best decisions of your entire life. Living life on your own terms and being in control of your finances has never had greater value than at this time. More than just a book, *Play Your Bigger Game* is a concept that will take you only nine minutes to understand but a lifetime to play. It was designed from the premise that life itself is one big game. And, if it is, then why not play one that excites, fulfills, and challenges you to develop and express your talents completely? By the way, there's nothing wrong with wanting that. It's a natural expression of who we are, and since each of us is blessed with talents, we're naturally hungry to develop and put them to use. Too often we suppress that desire for full engagement and self-expression because we think it's the grown-up thing to do. We consciously turn down our hunger dials, because we're afraid of expecting too much from life. We also think: If I settle for less, I won't be disappointed. *Play Your Bigger Game* was created to counteract that self-limiting, fear-based approach to life. It's also designed to keep you forever in play, meaning that you'll never be stuck again, since you'll always have the game board to guide your next move. Michelangelo said, "The great danger for most of us lies not in setting

our aim too high and falling short but in setting our aim too low and hitting the mark." This book is not just about making a living; it's about making an impact. Curiously enough, I find that once players begin to make a positive impact, their incomes often rise, too. Still, if you're interested in simply making a living and just surviving in life, I'm afraid that this book is not for you. If you want to make an impact in the world and thrive in your life while earning a very good living, please read on. The purpose of this book is to: Reveal the Bigger Game player you already are, help you find the Bigger Games that excite and challenge you to fully deploy all of your energy and gifts, teach you to consciously design the person you're destined to become, allow you to feed the hunger in your soul, help you to make a major impact, and allow you to leave a lasting legacy. In the pages of this riveting book, The Barefoot Doctor charts his 25 years of training with some of the most inspiring and innovative teachers and gurus of their generation. You'll meet a man who could drive with his eyes closed, the yogi who actually emitted light when meditating, the Tai Chi teacher who could throw people across the room with one finger, and luminaries such as R. D. Laing and Ram Dass. In addition, you'll encounter colorful characters like Geronimo's grandson and Psycho Dan, who's on the lam for tearing off a man's ears with his bare hands! Recounting a journey that takes

him from urban London to the back alleys of Hong Kong, to the mystical mountains of New Mexico and back again, The Barefoot Doctor achieves something unique: he tells ripping yarns about real-life spiritual leaders that also succeed in passing on the essence of their teachings. As well as being hugely entertained, you'll come away inspired to start living by your own intuition so you can create an incredible life for yourself.

There was once a poor man who came from a good Christian family. Because he had many questions, he left home to discover why just a few become rich. His quest led him to a rich man who was not only pious, but kind, loving, and humble. This made the poor man think differently about rich people. The rich man welcomed him to his home, and the poor man wondered why this man was so kind to a poor stranger. For months, the poor man studied the rich one. All my life, he thought, I have been raised to believe that the rich are mean and do not have respect for others, let alone take time to pray to God. But now, I know that the rich also pray. I must ask this man to teach me. So his lessons began, and the rich man taught the poor one everything he needed

Modern physics tells us that we're dreaming the world into being with every thought. Courageous Dreaming tells us how to dream our world with power and grace. The ancient shamans of the Americas understood that we're not only creating our experience of the world, but are dreaming up the very nature of reality itself—that is, "life is but a dream." When

you don't dream your life, you have to settle for the nightmare being dreamed by others. This book shows how to wake up from the collective nightmare and begin to dream a life of courage and grace, a sacred dream that shamans throughout time have known and served. Alberto Villoldo reveals ancient wisdom teachings that explain how to birth reality from the invisible matrix of creation; and reveals how we can interact with this matrix to dream a life of peace, health, and abundance. He shows us that courage is all that is required to create the joy we desire!

Buku ini berusaha menuntun kita bagaimana kita bisa mencapai jalan yang menjadi pujaan banyak orang itu. Dengan penyajian bahasa populer dan penjelasan yang gamblang, buku ini patut menjadi bacaan siapa pun tanpa memandang profesi dan usia.” —Muhammad Husnil, Koran Jakarta “Samurai adalah anggota kasta ksatria Jepang yang mulai berkuasa pada abad ke-12 dan mendominasi pemerintahan sampai 1868. Mereka terkenal sebagai ksatria paling ditakuti dan dihormati pada masanya, juga termasyhur pandai mengendalikan hawa nafsu dan sama sekali tak terpengaruh keadaan sekitar. Para ksatria itu hidup berlandaskan nilai-nilai amat ketat—selanjutnya dikenal sebagai Bushido—yang mengutamakan keberanian, kehormatan, dan kesetiaan pribadi. Bushido secara harfiah bermakna “jalan ksatria”. Dan karena itu, konsep “samurai yang baik hati” kelihatannya mengandung pertentangan. Padahal kata samuraisendiri berarti “melayani”. Pada hakikatnya, keinginan orang yang demikian adalah menolong orang lain. Jadi, saya memperluas aspek ini dengan membuat istilahsamurai pengasih untuk menunjuk seseorang yang memiliki nilai-nilai kuat, yang dapat mewujudkan apa pun sekaligus mengabdikan seluruh hidupnya untuk melayani.”—Brian Klemmer

This book explores the concept that the reality which is created by the consciousness inherent in the Western worldview is exceptionally limiting and probably unsustainable. After describing the contexts within which the book was written the author documents his personal journey in search of wholeness and meaning. From his experience of this journey he suggests that the wisdom, insight, and praxis contained within - what he describes as the meta-narratives of - Holism, Indigenous cultures, and Eastern traditions are manifestations of a holistic consciousness. The author explores the concept that a shift to such a holistic consciousness is required in order to redress the imbalance that is evident in all humanity's relationships, and he suggests that enabling such a shift in consciousness would have deep implications for the concepts and contexts of community, adult learning, meaningful work, and sustainability.
