ready to master your mind and access the freedom needed to achieve your truest wishes, then, it may be time for the Tiny Book of Magic. In this motivational book, combining magic, strength, wisdom and simplicity into an inspiring tale of self-discovery, Joshua Dawson reveals how to effectively make the shift from ordinary to ExtraOrdinary living - a life filled with purpose, compassion, impact, and love. Diving deep, you are gently helped with:

- * The daily tools and tactics needed to fulfill your wishes without sacrificing yourself in the process
- * How to transform your problems, hardships and challenges into your biggest opportunities that will propel you into the magic zone
- * How to make life count and flow with ease by focusing on what truly matters
- * How to attract everything you'll ever need to be happy
- * How magic is disguised by a thin veil of culturally and historically created illusions
- * How to express your most perfect and powerful dreams to the world (that make buying into your vision an obvious no-brainer)
- * How to apply spiritual solutions in any area of your life - From business to family and everything in between.

The Tiny Book of Magic begins with a mystical story of how the untimely death of Joshua's father released a quest to understand the depth of life, awakening a dormant spirit. A quest leading him from the day to day business grind to travelling around the world dressed as a Blue Genie granting wishes for people in need. Revealing riches far different-and far more satisfying-than he ever imagined. During his travels granting wishes and sharing the stage with names that include Eckhart Tolle, Dr. Wayne Dyer, Deepak Chopra, Marianne Williamson, and

The Magic of Tiny Business You Don't Have to Go Big to Make a Great Living

"Too many of us feel trapped by work that doesn't allow us to live our purpose, feed our passions, or use our gifts. We fantasize about starting our own business, but we're told this will mean going deeply into debt, spending years working eighty hours a week, and coping with the relentless pressure to grow. Sharon Rowe says there's another way: go tiny. She is here to show you how. Tiny isn't a size--it's a state of mind. Like a tiny house, a tiny business is built on maintaining a laser focus on what is absolutely essential to you. It's defined by your priorities and intentions, not by how many employees you have. As a young mother with a newborn child, what

mattered to Rowe when starting Eco-Bags Products was having a flexible schedule, time for her family (one of her mantras was "Never miss a school play"), time for herself, and financial security and doing something that made the world a better place. Lacking an angel investor and starting from scratch, with limited capital or business experience, Rowe created a company that enabled her to achieve all those goals. Using the story of Eco-Bags Products as a case study, Rowe takes you step-by-step through the process of creating a successful tiny business. She shows how to test your concept, convey your values, prepare for upturns and downturns, manage your money, create alliances, and more, always staying true to the "tiny" ethos. You'll learn how to grow sustainably, practice patience, and be consistent and persistent with what you stand for. Featuring cartoons and illustrations by New Yorker cartoonist Julian Rowe, *The Magic of Tiny Business* is a breath of fresh air for business owners and entrepreneurs who want the freedom and autonomy of owning their own business without compromising their personal values"--

Do you imagine yourself owning a business doing the work you love and are great at every day? Is managing people a part of that dream? For most of us who set out to start and build a business, managing people is not part of our plan, yet it's what most business books focus on. Not this one. In *Smarter Starting*, you'll learn how to start and build a "tiny business." You can build a great business making six figures while doing the work you love while making your dream come true. You don't have to scale and expand to prosper. In fact, staying tiny gives you the freedom to run your business the way you want. Written for those who have a glimmer of a
